IDENTIFICATION SYSTEM SPECIFICATION

EQUIPMENT:

Contractor shall identify all equipment such as, but not limited to, fans, pumps, motors, AHU's and their related starters by means of an engraved two-ply plastic I.D. plate. Equipment I.D. plates shall have 3/8" white characters on black background; starter I.D. plates shall be as above with 1/8" characters. All plates shall be sized to accommodate required description bearing type of equipment, number and service. Locate conspicuously and secure with self-tapping sheet metal screws where possible, or double sided adhesive tape. Recognized abbreviations will be acceptable, other proposed abbreviations to be approved by the consultant.

*NOTE: Diagrams are not to scale

Special custom text and/or colours available upon request.
